**WORLD HEPATITIS DAY**

By  
III Year BSMS  
2028-2029 Batch

The theme of the hepatitis day as fixed by WHO for the year 2023 was "ONE LIFE ,ONE LIVER"

Students were given a brief explanation about the hepatitis group of viruses.students gained more knowledge regarding the diagnosis,mode of transmission, pathology, symptoms and treatment of hepatitis infection.

Awareness was created among the students regarding the importance of hepatitis vaccination.

The session was very useful as the students have heard a lots of information apart from text books .They understood the importance of prevention of the hepatitis virus and promised to take efforts for eradication of hepatitis by 2030.
