

# FIELD VISIT & PLANT IDENTIFICATION

**On 06.07.2023 @ Kolli Hills**

Our final year students went on a fieldtrip to **KOLLI HILLS**. They got to know more than 100 rare medicinal plants like Kungiliya Maram, Mathanakameshwaram, Pidangunaari, Yaanai Thippili, Thandri, Sandhana Maram, etc.,

The next day, visited the majestic **AAGAYA GANGAI** and had a great time experiencing the outpouring falls.
